Following a review of the Inspector's Report and all other documentation pertaining to the inspection conducted on May 17, 2018 of the above premises the Inspection Committee has issued an outcome of a pass.

Recommendations

When Inspection Program Requirements are partially met and do not warrant a condition being placed on the premises, the Inspection Committee makes recommendations to the premises.

The Committee makes the following recommendations:

i) As per Inspection Program Requirements regarding the Appointment Record - 6.1.1: Member's name, clinic name, address and telephone number, 6.1.2: Date and time of appointment and 6.1.4: Duration of appointment.

The Committee recommends that the appointment record always contains the following:

- the clinic name, address and telephone number,
- the time of the appointment, and
- the duration of the appointment.

ii) As per Inspection Program Requirement 8.2.4: IV drip terminated.

The Committee recommends that after removing the angiocatheter or needle that it is always checked to ensure there are no breaks.

iii) Nitroglycerin is not required to be on the crash cart however the Inspection Committee recommends that the designated Member should consider adding it to the cart as an emergency drug.
