Inspection Committee Report

Ottawa Integrative Health Centre
904 Lady Ellen Place
Ottawa, ON
K1Z 5L5

Following a review of the Inspector's Report and all other documentation pertaining to the Part I New Premises inspection of the above premises conducted on April 23, 2019 the Inspection Committee has issued an outcome of a pass.

Recommendations

When Inspection Program Requirements are partially met and do not warrant a condition being placed on the premises, the Inspection Committee makes recommendations to the premises.

The Committee makes the following recommendations:

- i) As per Inspection Program Requirement 2.3: Drugs required on crash cart.

The Committee recommends that magnesium sulfate is not just readily available but stocked on the crash cart itself.

- ii) As per Inspection Program Requirement 10.2.2: Non-medical staff performance is reviewed as it relates to IVIT processes and procedures.

The Committee recommends that the quality management program includes a process to review non-medical staff performance as it relates to all aspect of providing care for patients who are receiving IVIT.
